WHAT IS CAR SHARING COMMUNITY?

CAR SHARING COMMUNITY

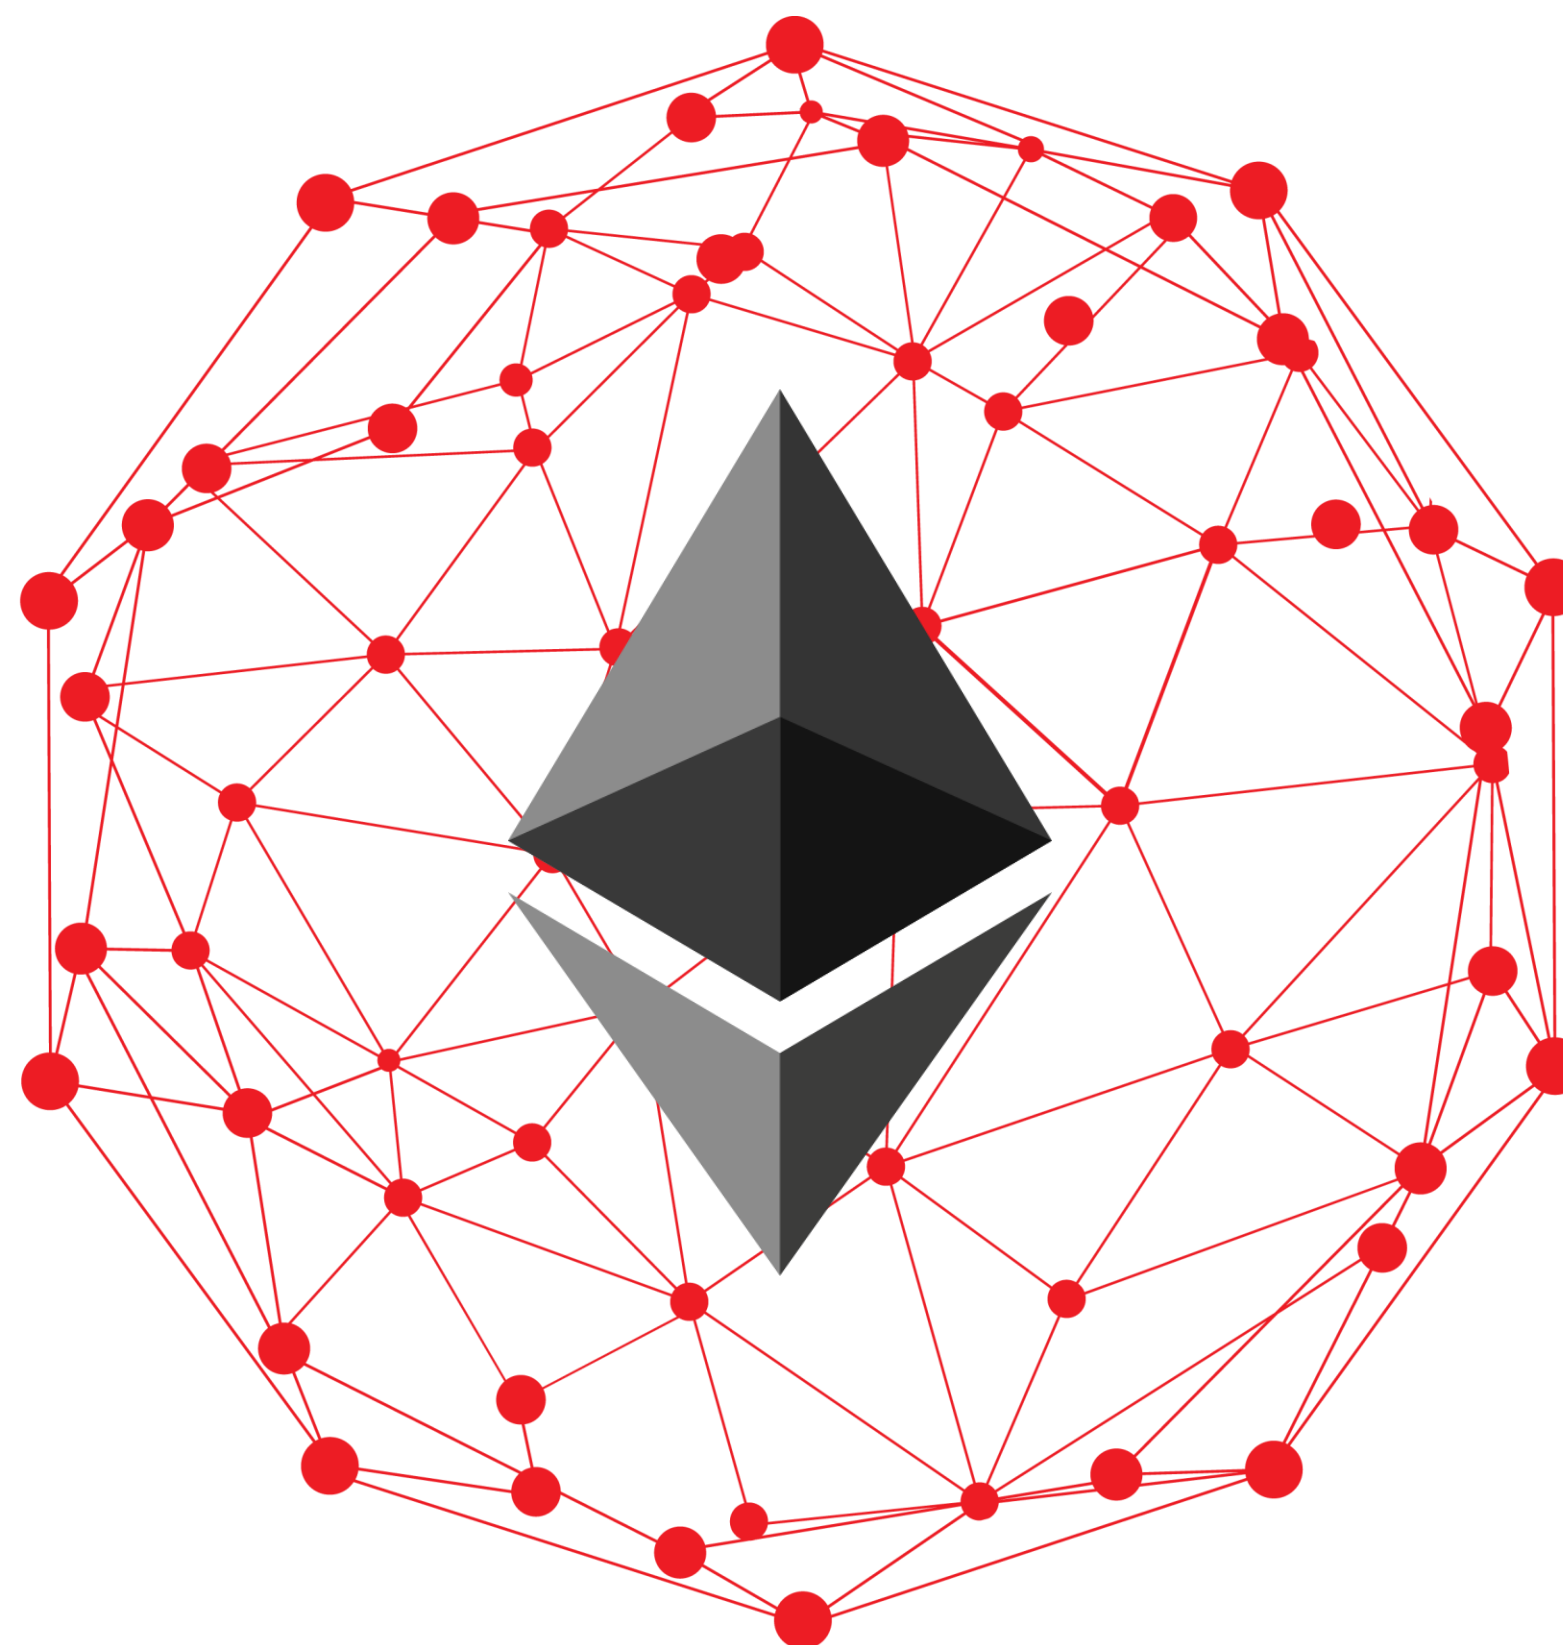

- CSC is a decentralized organization in the field of car sharing.
- Car Sharing Community offers the Mycar mobile app, which you can use as Uber app.
- Mycar uses blockchain technology for its car sharing service.
- The driver is paid as soon as the customer pays.
- The driver is paying more than other car sharing applications.
- By applying blockchain technology, customers will be able to use lower priced services than other car sharing applications.
- The drivers are rated by the customers with the voting features of the blockchain technology. Drivers' data are saved on blockchain and can not be deleted.
- Payments are fast, secure and private.
- Customers and drivers are insured under CSC regulations.

WHAT IS CARCOIN?
